## 1 | Guide Background & Purpose

By Google's new service operations policy, KDI School implement a User And Storage Capacity Limit Compliance for student mail (Google Workspace for Education – G suite) service from January 1, 2023

- **Compliance Background**

[Google Storage Policy >](#)

Google G-Suite has been renamed 'Google Workspace for Education' and has announced a Storage Limit Policy of changing its storage capacity from "unlimited provision" to 100TB.

- **Purpose of Compliance**

If exceed the per-account limit, there may be problems using Google Workspace for Education Service, So **Before July 1st, 2023**, you should **check your storage capacity and manage all your data** so that it remains below the capacity provided for each account.

Furthermore, if the overall capacity of the school is exceeded, it may affect the entire service, requiring the care of all students, graduates, faculty and group drives.

## 2 | Compliance Details

You must check your storage capacity limit first. KDI SCHOOL Storage Capacity Compliance includes the following guide line:

Type	Storage capacity limit	Account Available	Detail
Student	10GB	Available	Only one account can be created per student
Graduate	1GB	Available	Only one account can be created per student
Professor	10GB	Not available	Delete an account in case of resignation
Staff	1GB	Not available	Delete an account in case of resignation
Group	1GB	Available	Automatically delete your account if you have not accessed it for more than 3 months. Need continuous use and backup. <b>(Note: There is no additional notice service)</b>

- NOTE** Due to Google's restrictions, the kdis.ac.kr account cannot be expanded by purchasing additional licenses or paying for them.

### 3 | Google Workspace for Education Storage Mgmt.

By June 30th, you need to delete or download your files and mail data of google storage according to following guidelines.

Type	Storage capacity limit
Student	10GB
Graduate	1GB
Professor	10GB
Staff	1GB
Group	1GB

 Service not available, If Storage capacity exceeded

- Unable to upload new files or images to Google Drive.
- Unable to back up photos and videos to Google Photo.
- The ability to send and receive emails from Gmail may be affected.
- You cannot create new files in sharing service, such as Google Docs, Sheets, Slides, Drawings, Forms, and Jamboard. You cannot modify or copy affected files until you use less storage.
- Delete files for excess.

## 4 | Large Volume Data Mgmt. Process

If you are large volume users that have managed more than 100GB of data, you need to manage the amount of data as soon as possible to meet the guidelines.

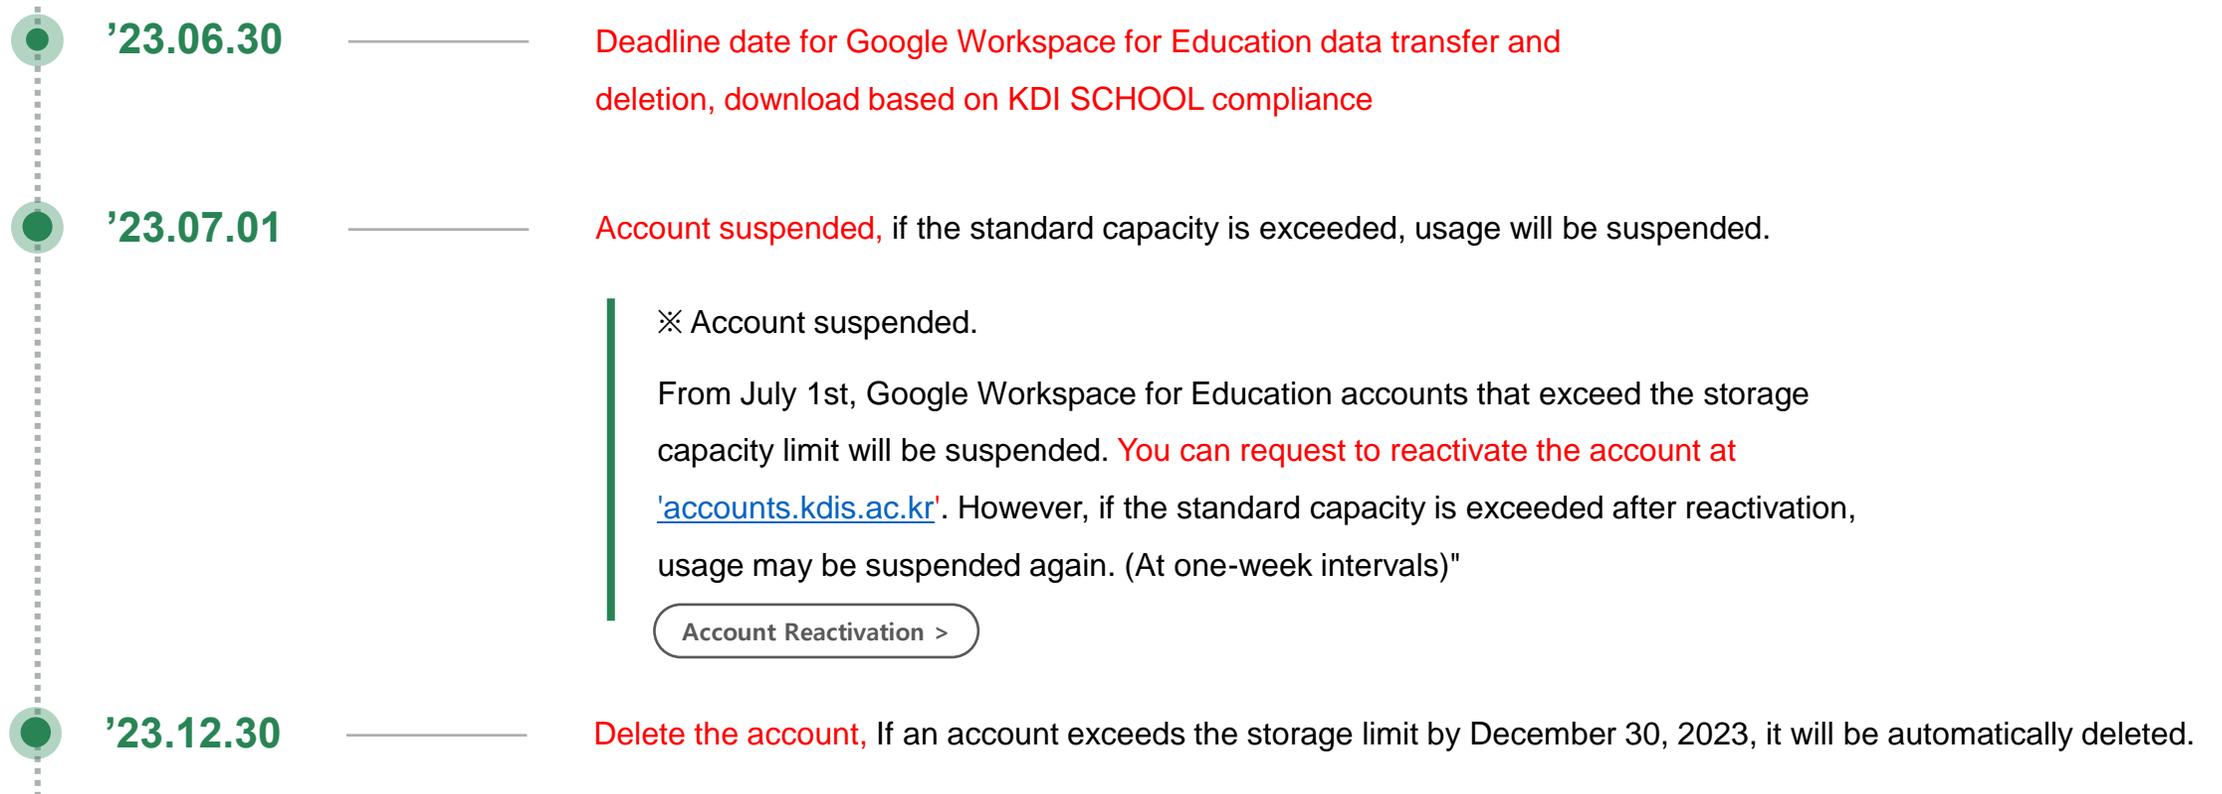

[Storage Capacity Limit >](#)

## 4 | Large Volume Data Mgmt. Process

If you are large volume users that have managed more than 100GB of data, you need to manage the amount of data as soon as possible to meet the guidelines.

## 4 | Large Volume Data Mgmt. Process

If you are large volume users that have managed more than 100GB of data, you need to manage the amount of data as soon as possible to meet the guidelines.

[Storage Capacity Limit >](#)

'23.12.30

**Delete the account,** If an account exceeds the storage limit by December 30, 2023, it will be automatically deleted.

### Q. Why is it inevitable to be deleted?

A. Since the storage space of the discontinued account is also included in the storage(100TB) of the KDI School, file deletion or account deletion is inevitable.

Usage Ranking	Storage Usage (TB)	Additional accounts available if limited to 10GB per person
1	22.82	2336
2	2.13	218
3	2.08	213
4	1.88	192
5	1.79	183

## 5 | How to Check Storage Capacity in Google

If you need to check the total storage capacity of your account stored in Google Services, follow these 3 steps:

### Check space you have left

If you need to see how much space you have left, on the computer, go to here. It is important to organize your files according to the storage limits.

[Google Storage](#)

<https://one.google.com/storage>

### Clear space in Google Drive

Check your personal account drive and sharing drive both of them. if you exceed your storage capacity, you cannot upload new files or images to Google Drive.

[Google Drive – personal drive](#)

<https://drive.google.com/drive/quota>

[Google Drive – sharing drive](#)

<https://drive.google.com/drive/shared-drives>

### Clear space in Gmail

Messages and attachments, like items in your Spam and Trash folders, take up space. So manage your mail to meet the storage capacity limit

#### Case 2

### Permanently delete emails in your Spam folder

- 1 On the left, click **Spam**. If you don't see Spam, click **More**.
- 2 At the top, click Delete all spam messages now. Or, select specific emails, then click Delete forever.
- 3 For other ways to search for email, [learn about Gmail search operators](#).

## 6 | How to download your Google data

※ **Important:** If you download your Google data, it doesn't delete it from Google's servers.

**You can export and download your data** from the Google products you use, like your:

Email, Documents, Calendar, Photos, YouTube videos, Data about registration and account activity

To keep for your records or use your data in another service, you can create an archive.

### Step 1

Select data to include  
in your download archive

### Step 2

Customize your archive format

### Step 3

Get your Google data archive

Need additional details, follow <https://support.google.com/mail/answer/6374270>

## 6 | How to download your Google data <Step 1>

### Step 1

Select data to include  
in your download archive

Process Detail >

1 Go to the Download your data page.

<https://takeout.google.com/?pli=1>

Google products that have your data are automatically selected.

- If you don't want to download data from a product, uncheck the box beside it.
- If you only want to download some of your data from a product, you may have the option to select a button like All data included List. ☰.
- Then, you can uncheck the box next to data you don't want to include.

2 Select Next step.

- **Important:** Your data file may not include changes made to your data between when you request a download and when you create your archive. Learn more about what data may not be included.

## 6 | How to download your Google data <Step 2>

### Step 2

Customize your archive format

Process Detail >

### Delivery method

Send download link via email

Add to Drive

Add to Dropbox

Add to Microsoft OneDrive

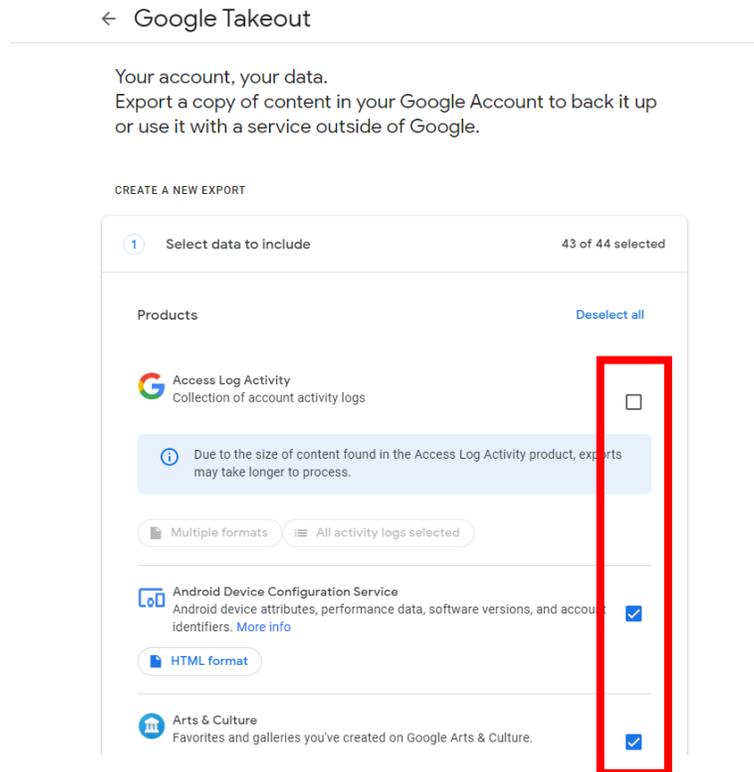

Google will email you a link to download your Google data archive.

- 1 | For "Delivery method," select **Send download link via email**.
- 2 | Select **Create export**.
- 3 | In the email that arrives, select **Download archive**.
- 4 | To download your Google data, follow the steps on the screen.

## 6 | How to download your Google data <Step 2 :Send download link via email>

1 | On Google Takeout, select data to include

<https://takeout.google.com/?pli=1>

← Google Takeout

Your account, your data.  
Export a copy of content in your Google Account to back it up or use it with a service outside of Google.

CREATE A NEW EXPORT

1 Select data to include 43 of 44 selected

Products Deselect all

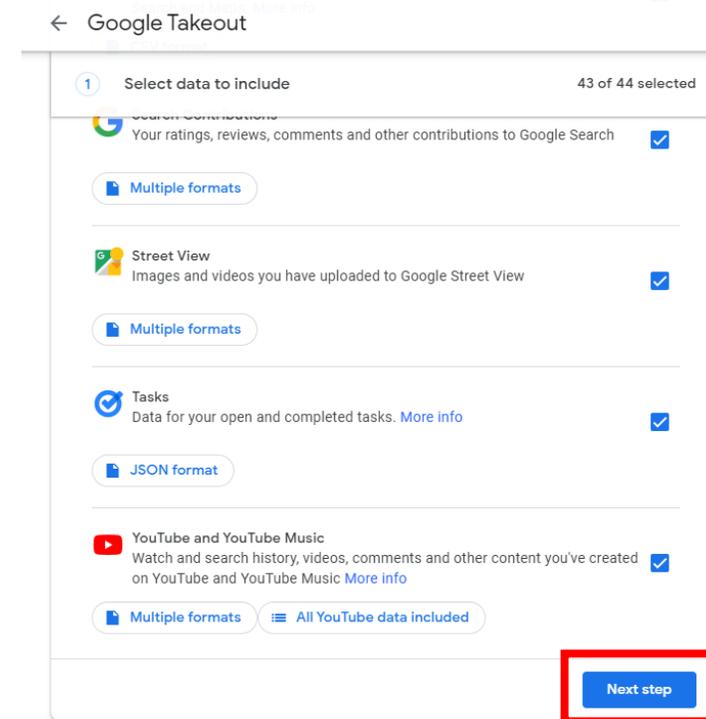

- 
**Access Log Activity**  
 Collection of account activity logs 

Due to the size of content found in the Access Log Activity product, exports may take longer to process.

Multiple formats All activity logs selected
- 
**Android Device Configuration Service**  
 Android device attributes, performance data, software versions, and account identifiers. [More info](#) 

HTML format
- 
**Arts & Culture**  
 Favorites and galleries you've created on Google Arts & Culture.

2 | Select the required file and Select **Next step**.

← Google Takeout

1 Select data to include 43 of 44 selected

- 
**Search Contributions**  
 Your ratings, reviews, comments and other contributions to Google Search 

Multiple formats
- 
**Street View**  
 Images and videos you have uploaded to Google Street View 

Multiple formats
- 
**Tasks**  
 Data for your open and completed tasks. [More info](#) 

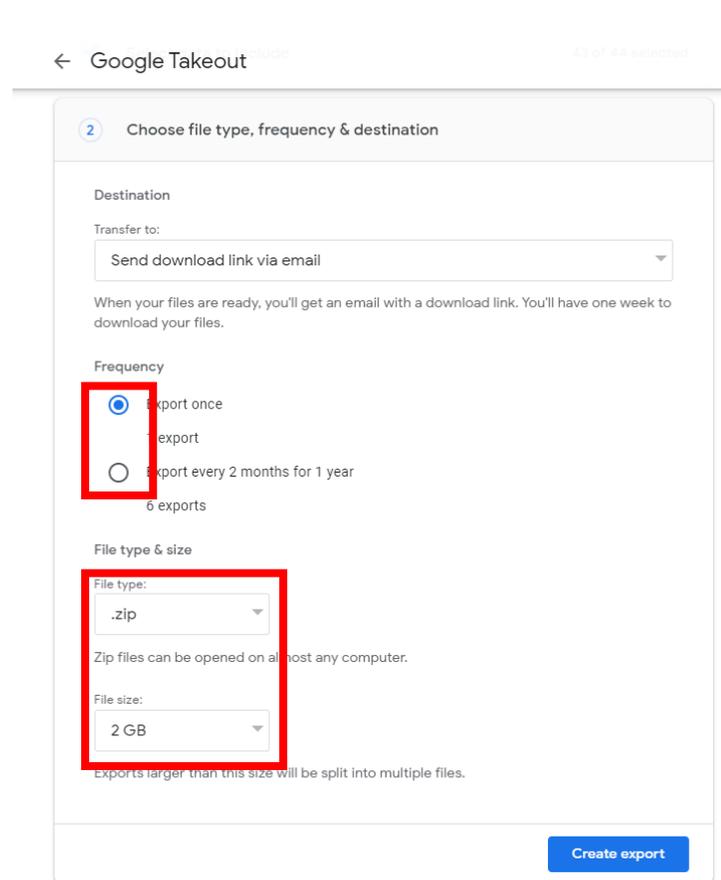

JSON format
- 
**YouTube and YouTube Music**  
 Watch and search history, videos, comments and other content you've created on YouTube and YouTube Music [More info](#) 

Multiple formats All YouTube data included

Next step

Create export

## 6 | How to download your Google data <Step 2 :Send download link via email, Step 3>

### 5 | Select Frequency type and file type & size

Google is creating a copy of files from 43 products  
This process can take a long time (possibly hours or days) to complete. You'll receive an email when your export is done.

### 6 | In the email that arrives, select **Download archive**.

### 7 | To download your Google data, follow the steps on the screen.

## Step 3

### Get your Google data archive

When your archive is created by using one of these options, we'll email you a link to its location. Depending on the amount of information in your account, this process could take from a few minutes to a few days. Most people get the link to their archive the same day that they request it.

**Note:** If you're enrolled in the Advanced Protection Program, your archive will be scheduled for two days in the future.

## 7 | FAQ.

Download the data by June 30th.

- 1 / Why do I need to delete the file?

It is an inevitable decision because it is Google's policy. Google has announced a Storage Limit Policy of changing its storage capacity from "unlimited provision" to 100TB. It's a compliance according to Google's regulations, not the school's own regulations.

It is expected that there will be many inconveniences for school members due to the cancellation of the unlimited webmail policy. It is difficult to provide unlimited paid storage space.

- 2 / What is the easiest way to keep a file?

Google offers a variety of ways to transfer data. It's easiest to get a link to download the entire file via email. This guide explains it in detail, so please follow it. Click on the following link if you want another way.

<https://support.google.com/accounts/answer/3024190?hl=en#zippy=%2Csend-download-link-via-email>

## 7 | FAQ.

- **3 / Can I personally pay for it and increase the storage capacity?**

Due to Google's restrictions, **the kdis.ac.kr account cannot be expanded** by purchasing additional licenses or paying for them. Please transfer the data through Google service.

- **4 / How many files should I manage?**

It's important to reduce the amount of files Depending on the type that applies to you.

Type	Storage capacity limit	Account Available	Detail
Student	10GB	Available	Only one account can be created per student
Graduate	1GB	Available	Only one account can be created per student
Professor	10GB	Not available	Delete an account in case of resignation
Staff	1GB	Not available	Delete an account in case of resignation
Group	1GB	Available	Automatically delete your account if you have not accessed it for more than 3 months. Need continuous use and backup. <b>(Note: There is no additional notice service)</b>
